

Dr. Aristizabal graduated from the prestigious Aesthetic Medicine Residency program at "Our Lady of the Rosary University" Universidad del Rosario, in Bogota - Colombia.

During his residency training, that was focused in non-invasive and minimally invasive aesthetic procedures for the face and body, Dr. Aristizabal visited world-renowned cosmetic dermatology practices like Shino Bay Cosmetic Dermatology & Laser institute under the direction of Dr. Shino Bay Aguilera, Aesthetic Dermatologist, at Fort Lauderdale, Florida, USA, and the Gold Skin Care Center, under the direction of Dr. Michael Gold, Dermatologist in Nashville, Tennessee, USA.

Dr. Aristizabal has published several scientific papers and has participated as speaker at national and international aesthetic congresses. Currently, he is the co-owner of ADEI - Aesthetics & Dermatology Institute, a clinic located in Bogota - Colombia, where he performs aesthetic medical services as well as serves as the medical advisor of various local pharma companies developing research activities at his office.

Currently, he also serves as Guest Editor for the Journal of Dermatological Reviews, reviewer for the Journal of cosmetic Dermatology and is member of the editorial advisory board of MedEsthetics Magazine.
