

Bio:

Dr. Andreas Grossgold has a passion for anti-aging medicine and integrative wellness. After graduating from the New Granada Military School of Medicine, Dr. Grossgold completed his internship and residency between several world-renowned hospitals in Houston, Texas. He then dedicated himself to the field of Integrative and functional Medicine, graduating with a PhD at Capital University in Washington, D.C. He went on to complete a postdoctoral fellowship in cellular regeneration and gene therapy at Baylor College of Medicine and is currently a Lieutenant Commander with the US Navy Reserves.

Dr. Grossgold uses his extensive education and experience to treat patients with a whole body approach.

As both a traditional internist, pediatrician and military physician and surgeon, as well a doctor trained in Integrative and Regenerative Medicine, Dr. Grossgold treats a myriad of complex cases.
